Procedural steps taken and scientific information after the authorisation*

*Due to the Agency's update of its procedure management systems, an additional document, reflecting the historical lifecycle may be available in the 'Assessment history' section. For the complete product lifecycle procedures, you may need to also refer to **EPAR - Procedural steps taken and scientific information after authorisation (archive)**.

Application number	Scope	Opinion/ Notification ¹ issued on	Commission Decision Issued ² / amended on	Product Information affected ³	Summary
Variation type II /	C.I HUMAN AND VETERINARY MEDICINAL	02/10/2025		Annex II	The SmPC (Annex I) is unchanged. For more

¹ Notifications are issued for type I variations and Article 61(3) notifications (unless part of a group including a type II variation or extension application or a worksharing application). Opinions are issued for all other procedures.

² A Commission decision (CD) is issued for procedures that affect the terms of the marketing authorisation (e.g. summary of product characteristics, annex II, labelling, package leaflet). The CD is issued within two months of the opinion for variations falling under the scope of Article 23.1a(a) of Regulation (EU) No. 712/2012, or within one year for other procedures.

³ SmPC (Summary of Product Characteristics), Annex II, Labelling, PL (Package Leaflet).

EMA/VR/0000275207	PRODUCTS - C.I.4 Change(s) in the Summary of Product Characteristics, Labelling or Package Leaflet due to new quality, preclinical, clinical or pharmacovigilance data - Accepted The final report for study CBYL719C2005, listed as a category 3 study in the RMP, was submitted. This is a non-interventional Post-authorisation Safety Study (PASS)/survey that was conducted to assess healthcare professionals' knowledge on management of hyperglycemia when using alpelisib in selected EU/EEA countries. The Annex II and RMP (version 9.0) have been updated accordingly.				information, please refer to the Summary of Product Characteristics. In Annex II.D. Conditions or restrictions with regard to the safe and effective use of the medicinal product. The paragraph on additional risk minimisations measures, describing the required educational programme aiming at increasing awareness and providing information concerning the signs and symptoms of severe hyperglycaemia, including ketoacidosis, and how to manage them, is deleted.
Variation type II / EMA/VR/0000263396	C.I HUMAN AND VETERINARY MEDICINAL PRODUCTS - C.I.4 Change(s) in the Summary of Product Characteristics, Labelling or Package Leaflet due to new quality, preclinical, clinical or pharmacovigilance data - Accepted Update of section 5.3 of the SmPC in order to reflect the results of the 2-year carcinogenicity study conducted in rats (study R2070118). In addition, the MAH took the opportunity to correct sections 4.5 and 5.2 of the SmPC with regards to the drug-drug interaction study conducted with the CYP3A4 substrate everolimus.	24/07/2025		SmPC	Section 5.3 Preclinical safety data Genotoxicity / Carcinogenicity Results of standard genotoxicity in vitro studies with alpelisib were negative. Alpelisib was not genotoxic in a repeated-dose rat toxicity study where micronucleus analysis was integrated, up to exposure levels approximately twice the estimated exposure (AUC) in humans at the recommended dose of 300 mg. Alpelisib was not carcinogenic in a 2-year carcinogenicity study conducted in rats when administered by daily oral gavage at doses up to 4 mg/kg (approximately 0.2 times the clinical exposure in patients at the highest recommended dose of 300 mg/day based on AUC). For more information, please refer to the Summary

					of Product Characteristics.
Variation type IB / EMA/VR/0000262559	This was an application for a group of variations. B.II.f.1.b Extension of the shelf life of the finished product - B.II.f.1.b.1 As packaged for sale (supported by real time data) - Accepted B.II.f.1 Change in the shelf-life or storage conditions of the finished product - B.II.f.1.e Change to an approved stability protocol - Accepted	28/04/2025		SmPC	
Variation type IA_IN / EMA/VR/0000247317	B.II.b.2.c Replacement or addition of a manufacturer responsible for importation and/or batch release - B.II.b.2.c.1 Not including batch control/testing - Accepted	30/01/2025		Annex II and PL
